La maestra/a contestará a un cuestionario, otorgando a cada criterio que en él aparece, una calificación de: “Sí” o “En proceso”, según el grado de consecución de los objetivos previstos y añadirá una propuesta de mejora si es preciso.

CONCLUSIÓN FINAL

Para concluir, decir que, como docentes, debemos reflexionar sobre la importancia del juego para el niño/a de Infantil ya que, entre otras muchas cosas, durante el juego se opera un relajamiento de las tensiones, de los conflictos y de la existencia real.

Además, en todo juego hay un reconocimiento de sí mismo y una exploración del mundo circundante. Todo jugador se ejercita y se prepara para ser mejor y cada uno juega según sus posibilidades, ofreciendo la oportunidad de entrar en relación con el otro bajo diversas formas, produciéndose así la socialización en el juego.

The biography of Tony Blair

The English ex-Prime Minister, Tony Blair, was born a 6th of May fifty-six years ago in Edimburgh. His father worked as a law teacher at Durham, what haphazarly, conveyed Tony Blair his passion: politics.
Mr. Blair attended the prestigious St John’s college in Oxford in order to study law in 1971. As a result, he not only finished his degree in 1975 but he also joined the Labour Party where he would spend fond memories of his life.

After having known his true love, Cheri Booth, who was a Catholic lawyer and had a whole series of aspects in common with him, they got married in 1980.

His success during the same date he was married, made him be elected as new leader of the Labour Party due to the fact that the previous leader suffered an accident.

In those days, his life took a radical change since he started to behave with more authority and responsibility. Hence, he created a New Labour, reformating the Labour Party which had been founded approximately thirty years before.

Tony Blair in every moment tried to collaborate with his country and be a fair political character. The vast majority of the English people supported him when he was just elected.

Moreover, he could, repeat some relevant quotations which were pronounced by Tony Blair, in which he expressed bluntly both his opinions and his aims he had in mind, such as:

- “Duty is the cornerstone of a decent society.”
- “Britain needs more successful people who can become rich by success through the money they earn.”

An unforgettable date was 1997 when Tony Blair became the youngest Prime Minister since Lord Liverpool in 1812. Therefore, despite the fact that he was rather a young minister, his experience showed he was able to represent such an important role in Great Britain. Simultaneously, he was feeling proud because he was conscious of his own contributions to the country.

A year after becoming Prime Minister, he visited for the first time Madrid and the Spanish Government, showing his abilities in the Spanish language.

Perhaps, due to the fact that he was a Minister, he was re-elected Prime Minister in the National election in 2001. Then, he promised to the English citizens that he would continue to be and even improving as Prime Minister.
